

# Our heavy-duty No.3 desk embosser offers larger embossing options.

Dear Sir/Madam.

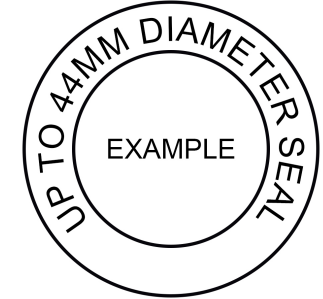

The price given is for our No.3, Heavy Duty Desk Embosser. When considering value for money, please note that all of our machines are made in-house, and engraved onto 100% metal embossing plates for longevity and a crisper image when compared to plastic embossers.

This model is made from heat-treated aluminium and iron. Available in two finishes; metallic silver and an antique-look Black and Gold leaf (pictured below). Because of its heavy duty design, it can incorporate larger seal diameters, outlined below. All of our products come with a one-year guarantee as standard.

We thank you for giving us the opportunity to quote you and look forward to hearing from you.

SAMPLE EMBOSSE  
68x44MM  
ADDRESS OR LETTERHEAD

## Embossing Guide

Plate Size	Paper weight
38mm	200gsm
40mm	170gsm
44mm	160gsm

This table recommends the maximum paper weight relative to embossing plate size, in order to achieve a crisp impression.
