

# Our extra heavy-duty No.6 desk embosser. When nothing else will do.

Dear Sir/Madam.

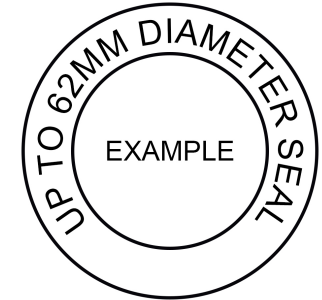

The price given is for our No.6, Extra Heavy Duty Desk Embosser. When considering value for money, please note that all of our machines are made in-house, and engraved onto 100% metal embossing plates for longevity and a crisper image when compared to plastic embossers.

This model is made from iron. Available in two finishes; metallic silver and an antique-look Black and Gold leaf (pictured below). Because of its heavy duty design, it will emboss through wafers and ribbons, even picture-frame board, and can incorporate larger seal diameters, outlined below. All of our products come with a one-year guarantee as standard.

We thank you for giving us the opportunity to quote you and look forward to hearing from you.

SAMPLE EMBOSSE  
85x38MM  
ADDRESS OR LETTERHEAD  
UP TO 5 LINES OF TEXT  
EXAMPLE

## Embossing Guide

Plate Size	Paper weight
25mm	600gsm
44mm	360gsm
50mm	340gsm
62mm	300gsm

This table recommends the maximum paper weight relative to embossing plate size, in order to achieve a crisp impression.
