

# Updating your business or design? Keep your embosser.

Dear Sir/Madam.

The price given is for our blue embosser insert/plate. When considering value for money, please note that all of our plates are made in-house, and engraved onto 100% metal for longevity and a crisper image when compared to plastic embossers.

These inserts are made to fit our infamous handheld, wooden- or metal-based pliers and keep the standard 38mm size. All of our inserts come with a one-year guarantee as standard.

We thank you for giving us the opportunity to quote you and look forward to hearing from you.
