

Sleek black design and comfortable rubber grip. The Executive model.

Dear Sir/Madam.

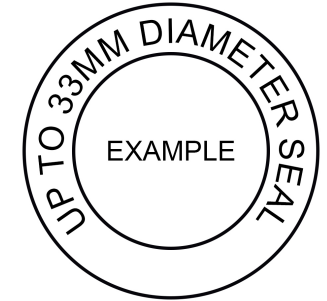

The price given is for our Executive handheld plier embosser. When considering value for money, please note that all of our machines are made in-house, and engraved onto 100% metal embossing plates for longevity and a crisper image when compared to plastic embossers.

This model comes with its own carry case (pictured below) and is made from reinforced steel with a rubber grip for ease of use. All of our products come with a one-year guarantee as standard.

We thank you for giving us the opportunity to quote you and look forward to hearing from you.
